

As a physician, educator, and leader at Mather Hospital, Mohammed Bilal, MD, DABR has worked tirelessly to improve patient care and advance medical excellence.

A member of the Mather medical staff for more than 20 years, Dr. Bilal serves as Medical Director of Vascular and Interventional Radiology and Program Director of the Integrated Interventional Radiology Residency Program. He is the Immediate Past President of the Mather Medical Staff and Immediate Past Chairman of the Mather Medical Board.

Dr. Bilal specializes in all aspects of Diagnostic and Interventional Radiology with particular expertise in Oncologic Interventions, Women's Health, and Spine Intervention. Using image-guided techniques, he performs minimally invasive targeted diagnostic and therapeutic procedures for cancer in the liver, kidney, bone, and lung. Additionally, Dr. Bilal specializes in management of cancer-related conditions such as fluid management, blood clots, and placement of venous devices for chemotherapy.

Dr. Bilal is certified by the American Board of Diagnostic Radiology. He is a member of the American Board of Radiology, Radiologic Society of North America, Society of Interventional Radiology, and American Roentgen Ray.

Dr. Bilal actively participates in community health initiatives like HealthyU seminars and has extended his commitment globally through a 2020 medical mission to the Dominican Republic to provide care for patients with end-stage renal disease.

Upon earning his medical degree from the School of Medicine at Boston University, Dr. Bilal completed his internship at Metro West Medical Center in Framingham, MA followed by a residency in Diagnostic Radiology at Long Island Jewish Medical Center in New Hyde Park, NY. He concluded his training with a Fellowship in Vascular and Interventional Radiology at Long Island Jewish Medical Center in 2004.

As a highly skilled and trained professional, he strives to make a meaningful impact on each patient's life by delivering empathetic, innovative care. He finds being an interventional radiologist highly rewarding, as it allows him to combine compassion with ingenuity to improve health outcomes.

The recipient of the first Mather Hospital Physician Champion Award, Dr. Bilal exemplifies leadership, compassion, and a deep dedication to community well-being.
