JTM Foundation
 For the Support of Mather Hospital

Message from
Louis J. Bove, Chairman, Golf Committee

I am honored to once again serve as the Golf Classic Chair for the 40th annual Mather Golf Classic, honoring Hunter Roberts Construction Group.

The Mather Golf Classic has raised more than \$3.5 million over the last 15 years. At Mather Hospital, the mission is clear: to provide the highest quality, patient-centered clinical care, educating the current and future generations of health care professionals and promote health education and vital community health programs.

Your support makes a difference and propels Mather to create an environment of extraordinary healthcare that is nothing less than life changing. Hope to see you on June 1st! Register early. This event will sell out!

About Hunter Roberts Construction Group

Founded more than 20 years ago, Hunter Roberts Construction Group has built projects across a wide range of markets, including health-care and life sciences, interiors, residential and hospitality, education, cultural institutions, and civil and waterfront infrastructure. In the healthcare sector in particular, we help shape high quality healthcare environments that support exceptional patient care, efficiency, and long-term functionality. We don't just build projects—we help build relationships and communities.

Guided by strong ethical standards and a culture rooted in safety and wellness, we create environments that empower the people who live, work, heal, and thrive within them. We are honored to support Northwell Mather Hospital's mission and to celebrate with you at this year's event.

Please return both completed panels with payment, thank you!
